1. Background

Professional football must reflect modern Britain. The Premier League, Professional Footballers' Association (PFA) and English Football League (EFL) are seeking to improve the diversity of football coaches in the professional game to make this area more representative. As part of their commitment to improving diversity, they have jointly launched the Professional Player to Coach Scheme (PPCS) to encourage, build and support the transition of under-represented Black, Asian, Mixed Heritage Men and Women who are PFA members into football coaching in the professional game so that football at all levels better represents the wider communities in which it is played, enjoyed and serves.

2. What is the Professional Player to Coach Scheme?

The Professional Player to Coach Scheme will provide a 23-month fixed-term employment opportunity and development programme for the successful candidate. The Club will act as the 'base' of employment and the individual will work across a variety of football functions within the Club in order to broaden their learning experience.

Plymouth Argyle Football Club in partnership with the Premier League, PFA and EFL aim to identify a high potential coach so that after the Scheme, they remain highly employable within the professional game. Simultaneously, the Premier League, PFA and EFL want to be able to recognise and support Clubs involved in the Scheme as Inclusion and Diversity role models.

The fixed-term employment opportunity will include coaching and observation across the Academy, including multi-disciplinary teams. Successful applicants will enter the Premier League's Coach Development Programme which is accredited by Leeds Beckett University. Upon successful completion of the programme, coaches will receive a Diploma in Higher Education in Professional Football Coaching. The development programme includes mentoring, workshops, peer learning, projects and FA/UEFA qualifications dependent on need.
